

# VISIT SLOVENIA AND DISCOVER NEW, BREATHTAKING DIMENSIONS OF EUROPE!

Slovenia – can you say you know exactly where it is? Could you find it on a map? In Europe ... somewhere near Austria? Yes, indeed. This small, yet cosmopolitan country is surrounded by much more internationally well-known countries: it borders on Italy, Austria, Hungary and Croatia and with a mere 46 kilometre coastline ranks among the countries with the direct access to the Adriatic Sea. Often called Europe in a nutshell, this Central European country has everything what you need for a perfect break – either in summer or in winter. Discover the beauties of Slovenia and join us on the unforgettable journey through Slovenia.

What is it that makes Slovenia so unique and worth visiting? Is it its pocket size, which makes you feel everything is within your grasp? Is it the fact that nowhere else in Europe you will find such a diversity which enables you to ski in the morning and sail on Adriatic Sea in the afternoon? Or the fact that Slovenia is one of the richest countries in Europe in terms of water? Or that it is one of greenest countries? Either in search of an unforgettable rafting experience on the foamy emerald waters or in search of a perfect spa retreat, Slovenia has it both. Moreover, it also boasts one of the most charming and lively European capitals, Ljubljana, and many other historical towns, thus offering an unforgettable cultural experience. Not convinced yet? No problem, there is much more that Slovenia has to offer: only half a size of Switzerland, Slovenia boasts beautiful and diverse nature, among them the Karst Region with more than 10,000 registered caves, good traditional food and drinks, excellent wines, numerous events, top quality service and friendly people. Visit Slovenia and discover new, breathtaking dimensions of Europe!

# PIRAN

A Romantic Getaway by the Sea

Piran, probably the most beautiful of Slovenia's coastal towns, is perched on a tiny piece of land jutting into the sea. Rich with history, it feels more like an Italian coastal town and for good reason: from the late 13th century to the end of the 18th century it was part of the Venetian empire. Today this fishing port boasts exquisite piazzas, churches, labyrinthine streets and fabulous waterfront fish restaurants, thus offering a perfect setting for a romantic getaway at the seaside.

## ½ day LJUBLJANA

Ljubljana most certainly ranks among the smaller European capitals, but we are convinced that many bigger cities could be envious of all that, what Ljubljana has. Ljubljana did not become a capital overnight, it prepared for this for centuries. In short, if smallness is its only deficiency, let it be so, as long as it can. Medieval city mainly built in baroque manner is squeezed between the hill with castle and the Ljubljanica river. The banks of the river and many other important buildings were designed by local architect Jože Plečnik. When strolling through the streets of Ljubljana you can see reminiscent of Roman settlement Emona, medieval old town, works of Plečnik and modern buildings.

In the week between Christmas and New Year, the Live Christmas Crib is performed by actors in the Concert Hall, which is the largest in the cave system and can accommodate 10,000 people for musical performances. Continue to Lipica stud farm, the original stud farm of the Lipizzaner breed. Afternoon we will visit Piran, beautiful seaside town with medieval architecture, narrow streets and compact houses.
